

**The Examination Automation used is,**

- **An End to End Solution right from maintenance of master data, registration , pre/post exam processes, result & issue of degrees**
- **Enabling participation of Affiliated Colleges / Departments for direct entry of new admission, internal/practical marks in the system**
- **Enabling supply of customized & pre linked bar coded Answer Booklets for eliminating dummy numbering practice**
- **Enabling an accurate system of real time entry of absent examinees during the examination as well as attendance auditing of OMR Part-A**
- **Allowing system enabled automated result process with minimal human intervention to ensure 100% accuracy of result date**
- **Not providing any new way of working but automate the existing methodology of the exam work currently done in the University**
- **All the examination related supply/services better coordinated with a single source. The required reports are generated through system**
- **An “Under One Roof Solution” with utmost relevance to University Examination works and no other vendor is offering such a solution**
