## The Examination Automation used is,

- ➤ An End to End Solution right from maintenance of master data, registration , pre/post exam processes, result & issue of degrees

- ➤ Enabling participation of Affiliated Colleges / Departments for direct entry of new admission, internal/practical marks in the system

- ➤ Enabling supply of customized & pre linked bar coded Answer Booklets for eliminating dummy numbering practice

- ➤ Enabling an accurate system of real time entry of absent examinees during the examination as well as attendance auditing of OMR Part-A

- ➤ Allowing system enabled automated result process with minimal human intervention to ensure 100% accuracy of result date

- ➤ Not providing any new way of working but automate the existing methodology of the exam work currently done in the University

- ➤ All the examination related supply/services better coordinated with a single source. The required reports are generated through system

- ➤ An "Under One Roof Solution" with utmost relevance to University Examination works and no other vendor is offering such a solution
