

INTERNAL QUALITY ASSURANCE CELL (IQAC)

Summary

In accordance with the guidelines and vision of NAAC, the Thiruvalluvar University has established an Internal Quality Assurance Cell (IQAC) to draft and implement ongoing quality improvement strategies through a combination of self and external evaluation, quality promotion/ sustenance initiatives. The Cell was set up in 2015 and since then it has taken numerous steps for assessing and enhancing the quality of teaching, learning, research and governance at the University. The University has a Core Committee that reviews the quality initiatives periodically related to quality policy, quality benchmarks, feedback response, facilitating quality teaching and learning and database management. The main activities undertaken are as follows: 1. Developing and conducting a mechanism of Students' feedback from the students of M.Sc., M.Phil. and Ph.D. courses. The Student feedback system is very comprehensive, systematic and objective.

The Masters students in their final year to get their feedback on various issues of academics (course, syllabi, interaction, seminars etc.), infrastructure, support system, skills and competencies developed during the course of the study and overall University experience. The results have been very encouraging with almost all departments of the University participating. Feedback was requested on their experience with respect to academics, infrastructure, support system and skills/competencies developed during their course of study, overall university experience on a scale of 1 to 5 where 1 is below average to 5 as excellent. The average rating for all responses (across all departments/centres) for 'Overall Academic Experience' is 3.4, i.e. between 'Good' and 'Very Good'. Across all respondents, 90% of the students responded that they would recommend the University to others. Students rated various components of their learning experience at the University. Results suggest that the students have rated the learning experience and development of their competencies and skills much above average. 1. A Benchmarking exercise The University is carrying out a benchmarking exercise by devising Quality Benchmarks as Assessment Criteria of quality initiatives by each Department.

It is helping to identify the gaps between the current parameters of the departments compared against the best global performers. The exercise is helping identify standards and performances and providing a road map for continuous quality improvement. It is expected to improve processes that are critical to the growth of the University. It shall help establish goals and identify additional avenues for improvement. The exercise will also create a better understanding of global practices. It is expected to promote quantum leaps in performance and foster excellence, breakthrough thinking and innovation. The University, Internal Quality Assurance Cell has developed mechanisms of frequent interaction with department by holding quality workshops. Workshops/events have been organised on a regular basis by each Department/Centre for Quality Enhancement in the following areas: 1. Teaching and Learning 2. Ethics 3. Research 4. E-resources/Online Databases 5. Social Outreach.

Minutes of the Meeting held on 15.9.2016 3:00p.m.

Subject: ICT based Teaching and Learning

A meeting was organized on 15.9.2016 for the faculty of Thiruvalluvar University, to throw light on the various advantages of implementing ICT based teaching Learning methods. Information Communication Technology based teaching is growing importance world wide. It was emphasized the various advantages of ICT tools for education, to support, enhance and optimise the delivery of information.. Through ICT, Teachers can create interactive classes and make the lessons more enjoyable, which could improve student attendance and concentration. It was informed that ICT helps teachers to interact with students. It helps them in preparation their teaching, provide feedback. ICT also helps teachers to access with institutions and Universities, NCERT, NAAC, NCTE and UGC etc.

At the end the Faculty of the University were informed and shown a model to know the advantages of ICT based Teaching and Learning methods.

Minutes of the Meeting held on 16.8.2017 3:00p.m.

Subject: Green Campus Initiative

A meeting was conducted for the Teachers of the University on 16.8.2016 to create awareness and importance of Green Campus Initiative. It was emphasized the importance of role of Teachers to bring awareness among students about the Green Campus initiative and to impart skills to address climate change. In a world facing climate change, energy challenges and other environmental issues and one undergoing rapid technological transformation, it has become increasingly important for Universities to serve as role models for greening and sustainability.

In this venture, development of 'Green Campus' is a primary goal and interest of every stake holder of the University system'.

Minutes of the Meeting held on 15.2.2018 12:30p.m.

Subject: Preparation for NAAC assessment in University

A meeting was conducted on 15.2.2018 for all the Teachers of the University on 'How to prepare for the NAAC assessment. It was informed that the prime agenda of NAAC is to assess and accredit Higher Educational Institutions(HEI) with all objective of helping them to work continuously to improve the quality of education. The Teachers were informed that there are seven criteria that NAAC will take into consideration for assessment and award accreditation to a HEI. The criteria are 1. Curricular Aspects 2. Teaching, Learning and Evaluation, 3. Research, Innovation and Extension, 4. Infrastructure and Learning Resources, 5.Student support Progression, 6. Governance Leadership and Management, 7. Institutional Values and Best Practices.

The teachers were informed to maintain every work related record and document in line with the above seven criteria.
