Thiruvalluvar University Vellore-632115

Policy on Feed back System of stake holders

The University believes that curriculum in the broader sense is of syllabus and how it is delivered emphasizing 'Teaching and Learning Process'. Therefore the curriculum Design and Development and delivery methods adopted play a vital role. The Internal Quality Assurance Cell (IQAC) of the University develop and adopt 'Feed Back System (FBS)' wherein the feed back on curriculum aspects will be collected from different stakeholders such as the Students, Alumni, Teachers and Employers and analyze and submit the same to the University for necessary action to be taken. The FBS focus on the following aspects,

- Syllabus/Course content
- Coverage of syllabus
- Teaching methods adopted
- Laboratory facilities (For Science Programmes)
- Teacher guidance and counseling
- Conduct of CIA tests
- Staff –student relationships
- Over all Programme of study
- Administrative support
- Extra curricular activities provided
- Examination system

The Feed back reports and the Action taken reports (ATR) will be made available on the University web site every year.
