About the University

The Thiruvalluvar University was established at Vellore by the Government of Tamilnadu in October 2002 under the Thiruvalluvar University Act, 2002. The University was inaugurated on 16.10.2002 as a State University. The University is located in a Sprawling Campus of about 112.68 acres at the Serkkadu which is 16 km away from the Vellore City on the Ranipet-Chittoor Trunk Road. The University named after the great Tamil Saint "Thiruvalluvar" is enshrined with the motto "கண்ணுடைய ரென்பவர் கற்றோர்". The University has thirteen departments, namely Chemistry, Mathematics, Biotechnology, Zoology, Economics, Tamil, English, Computer science, Physics, Commerce, Sociology, Microbiology and Environmental Science. There are 74 Arts and Science Colleges affiliated to this University.

About the Department

<https://www.tvu.edu.in/academic/departments/chemistr/>

The Chemistry department was established in 2002 as a research department. The department offers M.Sc, and PhD courses. The faculty members have been working on modern and thrust areas of research in chemistry. The faculty members have received financial support from various funding agencies like UGC, DST, DRDO and BRNS to carry out the research projects. The faculty members published several research papers in both national and international peer reviewed journals. The department is determined to educate and graduate rural students and committed to prepare, compete and contribute to the needs of modern chemical science.

About the conference

The "National Conference on ETCM" scheduled from 01-02-2024 to 02-02-2024 is to provide a platform for scientists, research scholars and students to learn, share, interact with the experts from diversified fields and enrich their knowledge. This two day conference will be informative and intellectually stimulating. The conference is composed of invited talks from distinguished speakers of leading research institutions and universities

Focus Areas

- ◆ Organic Synthesis
- ◆ Organic Electronics & Sensor
- ◆ Solar Cells & Fuel Cells
- ◆ Nanocomposites
- ◆ Photocatalysis

- ◆ Nanochemistry
- ◆ Organometallic Complexes
- ◆ Coordination Complexes
- ◆ Metal Organic Framework Solids
- ◆ Supercapcitors
- ◆ Chemistry for Energy and Environment

Abstract Submission

The abstracts are invited (about 500 words) for oral presentation. Participants are requested to send the abstract of their original research work as word document in Times New Roman, font size 12 with 1.5-line space. The title of the abstract should be bold and text should be normal, the author presenting paper should be underlined. Send your abstracts to polymnano2021@gmail.com

Abstracts will be published as a book with ISBN
